## 2. Procedure to Join UMAP Student Exchange Programs

### Step 1)

Contact the UMAP National Secretariat (NS) responsible for your country/territory and request their endorsement.

NS by country/territory can be found at this link:

<http://umap.org/about/membership/#nationalsecretariat>

Note: Only accredited institutions of higher learning from UMAP member countries/regions are eligible to participate in UMAP Student Exchange Programs. If your country/territory is not a UMAP member, please contact the UMAP IS.

### Step 2)

Sign the “Pledge of Agreement”, and send it to UMAP IS.

\*Universities are expected to sign the Pledge of Agreement with UMAP International Secretariat (IS) in advance, demonstrating that they accept the principles of the UMAP exchange program concerning obligations of home and host universities, etc.

The form can be downloaded on UMAP’s website

Home >For Prospective Members <<http://mjk.ac/tUsZxg>>

Once the “Pledge of Agreement” is confirmed by UMAP IS, your institution becomes a UMAP member!

### Step 3)

Offer your program by sending “Outlines of Proposal”

UMAP IS will issue a call for programs to member universities. Please fill in the form and send it to UMAP IS.

### 3. Responsibilities of UMAP Participating Universities for Student Exchange Programs

#### Home Universities

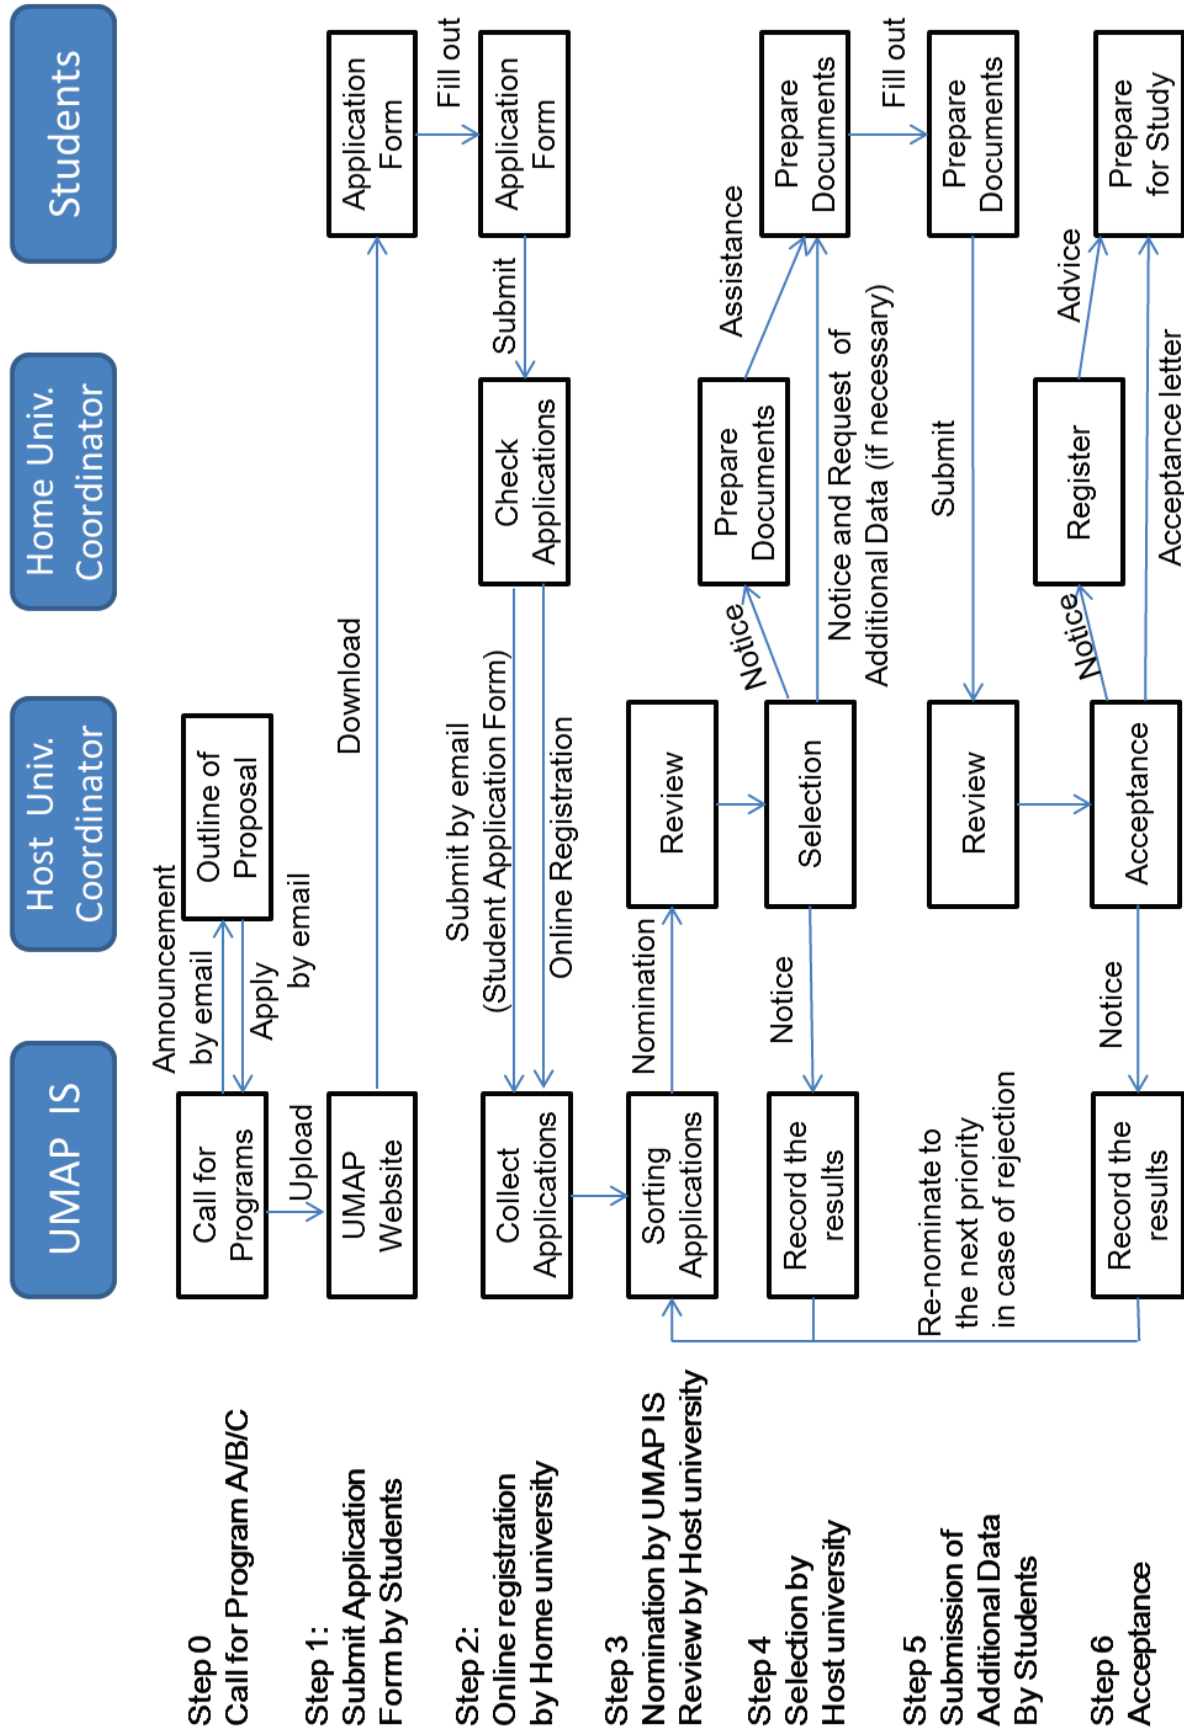

1. Select students to participate in exchange programs.
2. Approve study programs, including any necessary training.
3. Determine the level of financial support to be provided.
4. Provide appropriate preparation for students.
5. Recognize work/credits completed overseas.

#### Host Universities

1. Provide study programs.
2. Evaluate performances of participants and report to their home universities and UMAP IS.
3. Provide appropriate counseling and other support services for students.
4. Assist participants in obtaining accommodations at a reasonable cost.
5. Ensure appropriate health and safety provisions

- Host and home universities need to ensure credit recognition with the aid of UCTS credit equivalence prior to student's exchange.

## 4. Application flow for UMAP's prospective exchange students

## 5. UCTS – UMAP Credit Transfer Scheme

The objective of UMAP Credit Transfer Scheme (UCTS) is to provide a credit conversion scale for grade equivalence between different higher education systems.

UCTS ensures that credits and grades can be transparently transferred and received by students on exchange, thus, reducing a significant hindrance to mobility.

**The definition of UCTS is as follows:**

1UCTS = 38-48 hours of student workload.  
This includes 13-16 academic hours of instruction.

The following table illustrates a recommended conversion of UCTS with various national and regional credit systems:

Country/Region	UCTS	Asia	USA	Europe (ECTS)*	UK (CATS)**
Credit Conversion	1UCTS	1credit	1credit	1.5ECTS	3credits
Student Workload	38-48hrs.	38-48hrs.	45hrs.	37.5-45hrs.	Converted from ECTS
Teaching Hours	13-16hrs.	13-16hrs.	15hrs.	-----	-----

\*ECTS - European Credit Transfer System

\*\*These 3 British credits are based on the conversion principle of British credits with ECTS defined by the QAA (Quality Assurance Agency for Higher Education (2008)). This principle is effective among all higher education institutions that use CATS (Credit Accumulation and Transfer Scheme) in the UK.

UCTS Guide can be downloaded on UMAP's Homepage

Home >UCTS <http://umap.org/ucts/>

## **What are the advantages of UCTS?**

### **Students**

1. Credit systems among countries/territories covered by UCTS can be compared easily, making it simple to determine the correct credit equivalencies between home universities and host universities.
2. The number of courses/credits taken abroad that can be transferred to home institutions can be calculated easily.
3. Knowing the correct number of credits that can be transferred to their home university through UCTS, students can be assured that they can complete their coursework requirements back home and graduate on time.

### **Faculty and staff members**

1. Credit systems and equivalencies across regions and countries are easy to compare, making it simple to advise students on the number of courses they need to take abroad.
2. It is a simple, hassle-free method for calculating credits and facilitating transfer from host to home institution.
3. The time needed to understand and calculate credit equivalencies is reduced.
4. It increases institutions' chances of finding new student exchange partners around the globe by letting UCTS resolve difficulties in transferring credits.

## 6. List of National Secretariat (NS) & Participating universities during 2012-2017

Each member country/territory shall set up a **UMAP NS** to be the chief point of contact in that member country/territory.

For those who don't have their national contact (i.e. UMAP NS), please directly contact with the **UMAP IS** located at Toyo University in Japan.

## 7.UMAP Membership Fees

### Scale of Contribution (US\$) by National Secretariat

Country	Contribution Rate (%)	Amount as of 2017 (USD)
Cambodia, Laos, Mongolia, Papua New Guinea, Reunion Island, Timor - Leste	1%	500
Brunei, Ecuador, Fiji, Guam, Myanmar, Samoa	1.5%	750
Bangladesh, Kazakhstan, Macau, Peru, Vietnam	2%	1000
Chile, Hong Kong, Indonesia, Malaysia, New Zealand, Philippines Singapore, Thailand	3%	1500
India, Republic of Korea, Mexico, Russia, Taiwan	4%	2000
Australia, Canada, People's Republic of China	6%	3000
Japan, USA	8%	4000

The above scale uses 80 percent of GDP and 20 percent of GDP per capita to arrive at a multiple for each member. The resulting list is then grouped into cohorts to arrive at an estimate of the percentage of the total UMAP General Fund to be borne by each member. As economic information is always changing, the scale will periodically be reviewed by the Board to see if adjustments are merited.

## 8. Organization of UMAP

The UMAP Board comprises all members and it shall determine the policies and the main lines of work for the smooth and effective operation of UMAP. The Secretariat of UMAP is called the UMAP International Secretariat. It is responsible for the management and administration of the day-to-day operations of UMAP and serves as the liaison for the member secretariats. Each member country/territory sets up a National Secretariat to be the chief point of contact in that country/territory and to be responsible for the promotion and development of the UMAP Exchange Programs.

## 9. Frequently Asked Questions

### Q1. What are the advantages of becoming a UMAP member?

- 1) UMAP's broad variety of study abroad programs meet the diverse needs of students and future employers.
- 2) In the future, UMAP plans to make practical learning opportunities, including internships, available to students.
- 3) UMAP's interconnectedness allows for the increase in mutual trust and quality assurance among numerous universities.
- 4) The UMAP Credit Transfer Scheme (UCTS) enables students to confidently participate in a variety of quality student exchange programs.
- 5) UMAP has an open organization (membership) and an open platform: governments, associations of universities, consortium of universities, and/or an individual university.
- 6) Any country or territory in the Asia-Pacific region is eligible to become a full –member of UMAP and participate in UMAP exchange programs. This gives students and faculty members unparalleled access to an incredible diversity of cultures, peoples, histories, and opportunities.

### Q2. Are there any scholarships offered by UMAP?

*For students)* There are scholarships offered by Taiwan's Ministry of Education, and Japan's Ministry of Education, Culture, Sports, Science, and Technology (MEXT). Eligible students are both inbound and outbound exchange students of their country/territory through UMAP.

Participating universities may also make arrangements to fund bilateral exchanges, taking into account such matters as maintenance of scholarship benefits, eligibility for government funding assistance, and health care costs.

*For Faculty members)* UMAP has a grant called UMAP Research Net (URN), which provides funds to joint research conducted by researchers from UMAP affiliated universities. The next call for proposals will be spring 2018.

### Q3. Do universities have to pay to participate in student exchange programs?

Depending on a country's National Secretariat (NS), which pays the membership fee, universities in certain countries/territories may be able to join without any additional payments.
