

Call for Proposals

1. Introduction

University Mobility in Asia and the Pacific (UMAP), founded in 1991, is an association of higher education institutions in the Asia-Pacific region. Through increased mobility of post-secondary students, faculty, and staff, UMAP aims to achieve enhanced international understanding.

UMAP instituted the UMAP Research Net (RN) program to promote research collaboration and facilitate cooperation among member institutions across the network. Cross-border higher education opportunities around the world have grown considerably through the mobility of students, academic staff, programs/institutions, and professionals.
